HBM CHILDREN PROGRAM AT MATUGAMA - SEPTEMBER 2017

Dear Rev.Sam Jayakishna,

Greetings from Suresh! We had HBM children program in Matugama and here many children were affected by the recent floods. They have many house churches and mostly persecuted churches. The program we had at the AOG building and many times this place was attacked and not allowed to have church services. One time the whole building was taken over by the courts and not allowing to have any meetings due to false accusations. But later the court case came in the favor of the AOG church. This place is high risk persecution areas. We are glad that we had the children program here. Over 140 children took part and children from other faiths too participated in the program.

As children's parents too came for the meeting and we asked them to be seated behind and listening for the message too. There were around 50 parents came. All children and parents were blessed and we prepared refreshments for all children, parents and leaders. We had indoor games and sharing time we used the Evange Cube & Gospel Bracelet. It was a joy to work with children and their parents. All the children got a gift pack and all parents also got small gifts too.

Following are photos taken at the Program:

Thanks Giving:

- We had around 140 children and 50 adults participating (Parents)
- Thanks for the people who supported this children and adults program
- We had a strong Awana clubs and it was recently started
- Around 60 children accepted Christ and around 7 adults too decided to follow Christ (there were people from other faiths too)

Prayer Requests:

- For Psator.Ruwan who is the senior pastor and has gone through many difficult times due to persecution. His life is great example and God's protection over the years.
- For the house churches and they will reach many people for the Lord.
- For the children & adults who decided to follow the Lord and the church will disciple them.

Up to now we had two children programs and 245 children & 80 adults (parents) were benefited. Around 120 children & 12 adults were decided to follow the Lord. We used the Evage Cube, Gospel bracelet and message through drama. All children got a educational gift pack too. Thanks for the financial support by our friends and may God bless you

In Christ,

Preman Suresh Appathurai
